Melon Reporting Thesis

Thesis by Simon Emanuel Schmid and Benjamin Zumbrunn

Spring Semester 2018

University of Applied Sciences Northwestern Switzerland FHNW, School of Engineering

Coaches: Prof. Dr. Sarah Hauser, Markus Knecht

Abstract

Introduction

Organisation

The main entry point for this project is the open source Github repository github.com/melonproject/reporting-thesis.

The documentation can be found (and commented) on Gitbooks: schmidsi.gitbooks.io/melon-reporting.

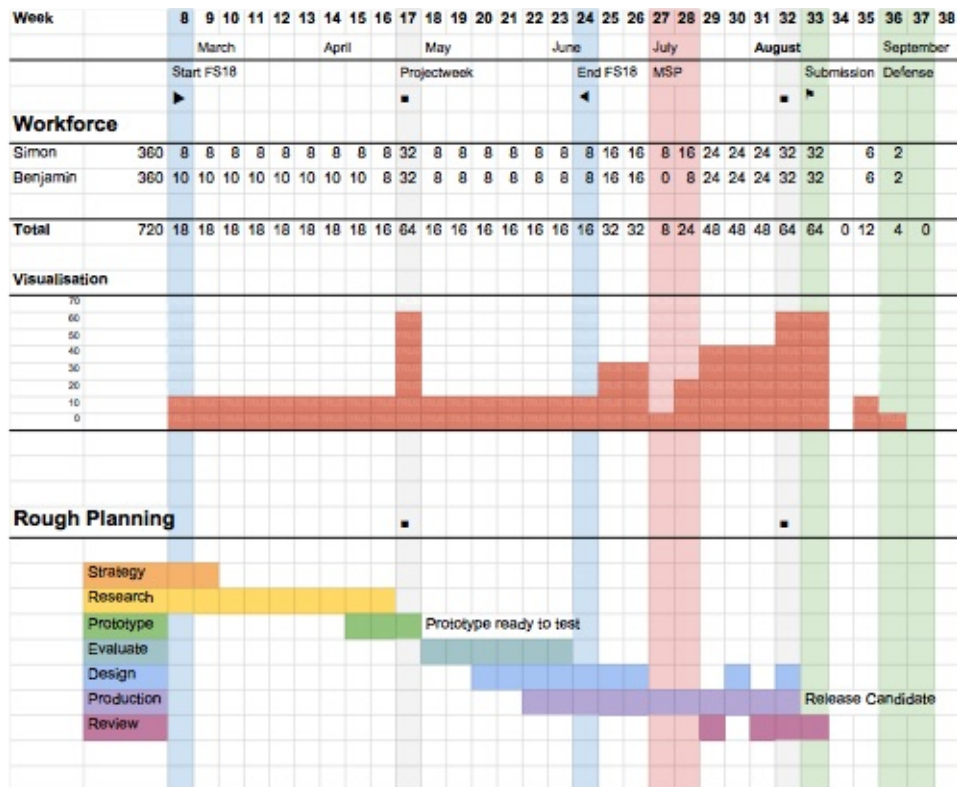

Project management is done with a simple Kanban board as a Github Project: github.com/melonproject/reporting-thesis/projects/1

Single tasks are managed as Github Issues: github.com/melonproject/reporting-thesis/issues
